Project probation online

- Development (why - what - how)
- Lessons learned
- Future

Why online tools?

*'We have to keep up
with the world around us
if we don't want to lose
touch with it'.*

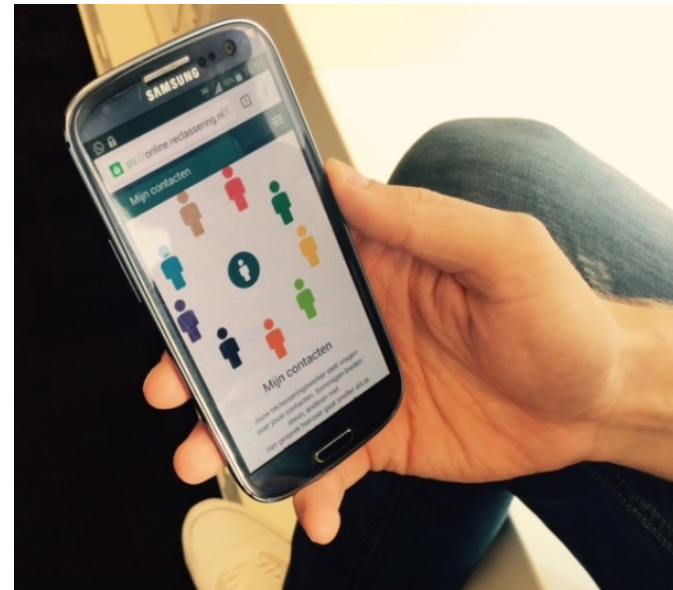

Status quo versus innovation

Until 2015

Since 2016

Goals of applications

- Increase the quality and effects of behavioral change
- Improve the methodical and professional approach
- Encourage the offender to take more responsibility

Jouw verhaal

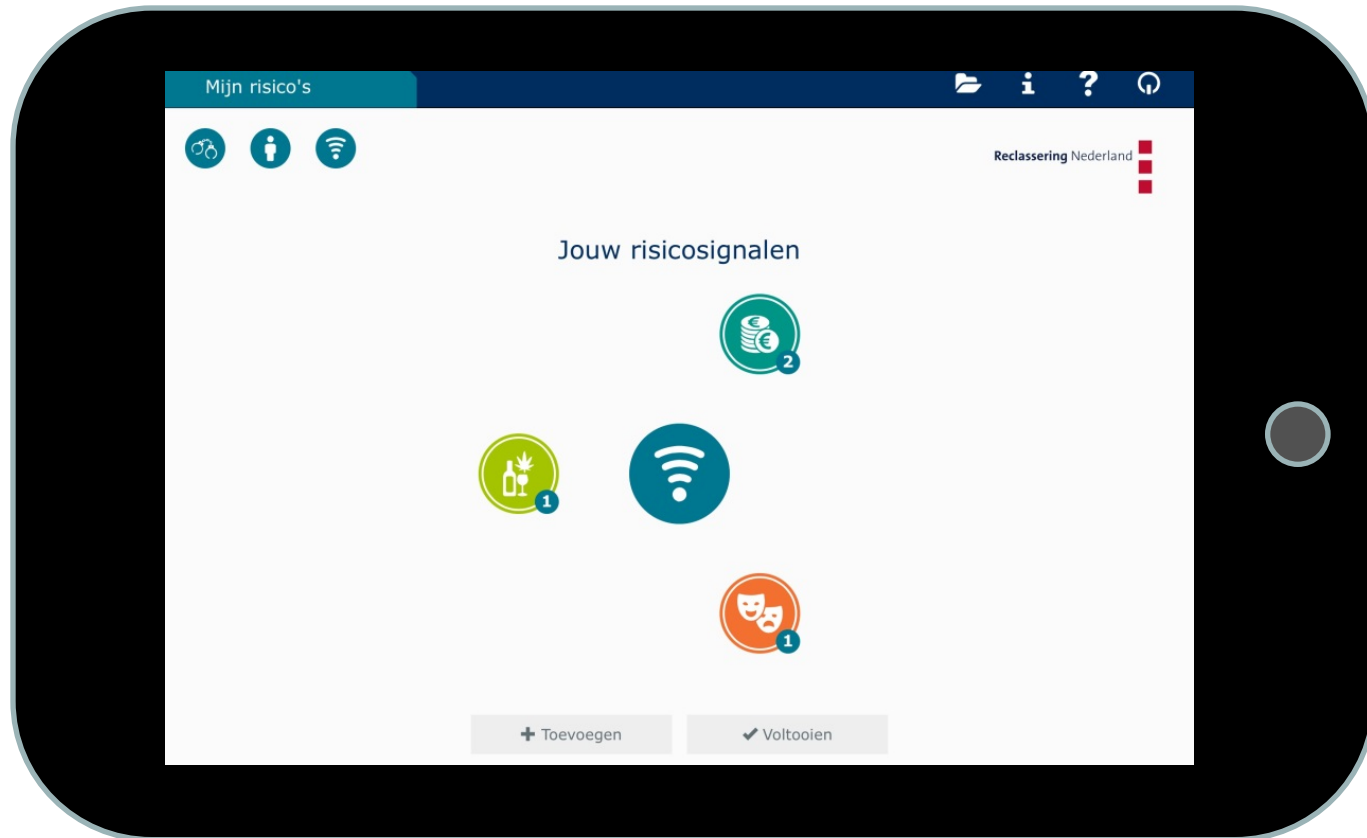

Wat ging eraan vooraf? Waren er problemen?

It was a hard day at work and I had a disagreement with my manager. When I drove home, somebody hit my car near the traffic lights.

Risicosignaal	Probleem-gebieden	Zo herken ik dit signaal	Wat te doen?
 Stemming	 Werk	When I'm tired I need to take some rest before drinking.	I need to take some rest.
 Middelen	 Middelengebruik	When I'm drinking alcohol I need to ask for a ride and shouldn't drive by myself.	When I'm drinking alcohol I will ask a colleague or someone else for a ride and shouldn't drive by myself.
 Financiën	 Financiën Middelengebruik	I am addicted to visit a casino and play dangerous poker games.	I will ask the casino to give me no access anymore when they noticed that I had to much alcohol.

Development process

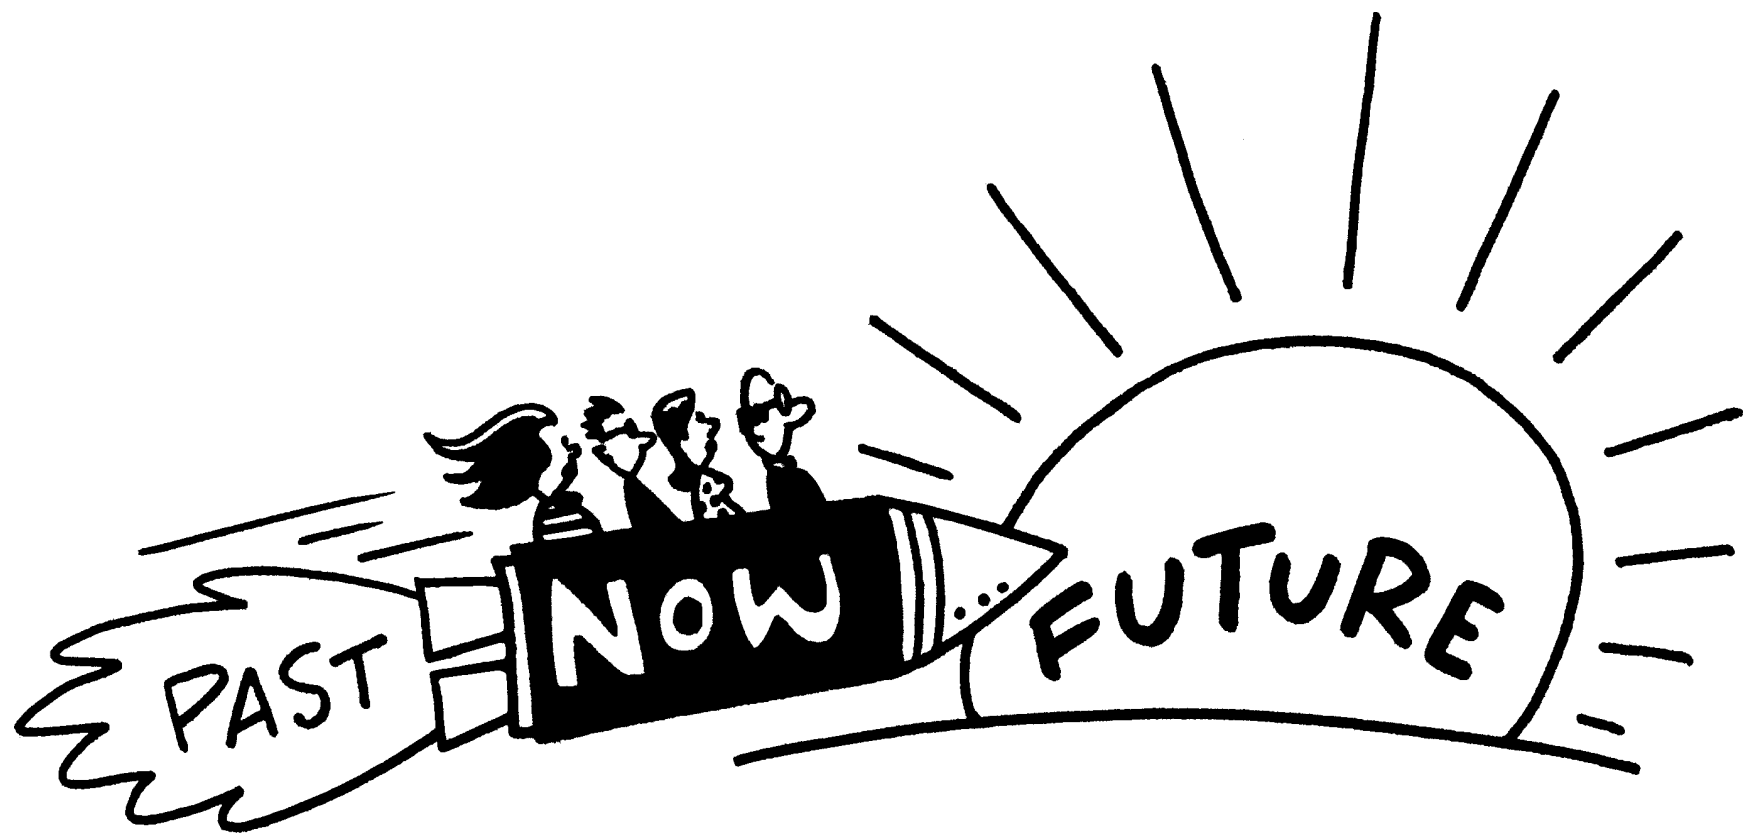

Lessons learned

- Bottom up approach works and makes implementation easier
- Offenders are willing to work online and have access to internet
- Professionals show more resistance to work online than offenders
- Innovation is fun and inspires for the future
