Domestic Violence Deterrent Solution

- ① Unique application of Offender monitoring technology
 - ➔ Harnessing the basic concepts of offender monitoring and tracking to minimize potential encounters between aggressors and victims
 - ➔ Both aggressor and victim locations are continuously tracked
 - ➔ Immediate aggressor proximity alerts to victim and monitoring center
 - ➔ Fixed and mobile alerts and communication devices for victims

Inmate Tracking - TRaCE

- ◉ Growth of New sites:
 - ➔ 10 new sites: USA/Europe/Pacific
- ◉ Technology
 - ➔ Product was customized and upgraded in all terms to meet specific customer requirements/ need

New technology

- E3 RF Presence monitoring on either landline or GSM communication
- Introducing Dual communication mode units

New technology

STaR★

○ Dual piece GPS STaR systems

1TRACK

○ 1Track or 2Track GPS tracking systems

New technology

STaR★

2TRACK

- Dual piece GPS STaR systems
- Now 1Track or 2Track GPS tracking systems

New technology

Offender focused Domestic violence solution

New technology

mEms 3000

mEms 3000

- ◉ Remote alcohol monitoring over landline
- ◉ Remote alcohol monitoring over cellular communication

We are here as part of our routine service!

Remote offender monitoring operations are complex

- ➔ We invest massively in
 - Service technology
 - Customer services
 - Trained, multi lingual staff
- ➔ We offer
 - Dedicated multi lingual call center
 - Web access to service calls
 - 24/7/365 service staff availability

Looking ahead

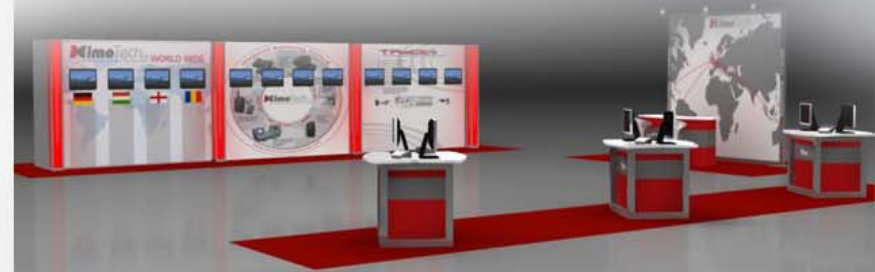

- ◉ Continuously seek for new solutions and better technology
- ◉ Product development aided by direct client-developer/producer relationship
 - ➔ Widest international customer base
- ◉ Presently developing future solutions
 - ➔ Majority of budget allocated to R&D ~

Technology Demonstrations throughout the conference

Remote supervision technology innovations

- ➔ Dual communication RF presence monitoring
- ➔ New GPS tracking tools
- ➔ Voice verification
- ➔ Cellular communication based alcohol monitoring
- ➔ Inmate Tracking

Thank you
