

**Welcome to the workshop:
“cooperation in the judicial chain
towards special conditions”**

Statement

'Enforceable special conditions geared to the ascertained risks and criminogenic factors, that is what it is all about. That is why our advice also contains an indication of the feasibility. Thus, the Public Prosecutor and the judge can demand and impose feasible and enforceable special conditions; the supervisor can start immediately with a clear plan of action and the supervisee knows from the very start where he or she stands. That is a win-win situation for all parties concerned.'
