

# Interagency cooperation for a successful reintegration of offenders

## Probation as a facilitator

# The Romanian probation system

# Probation activity

**Presentence evaluation**  
mandatory for minors  
optional for adults

**Supervision**

**Minors**  
4 non-custodial  
educational measures

**Adults**  
non-custodial  
sanctions

**Obligations that can be imposed to probationers in order to ensure their social reintegration:**

- Attend to school or get a professional qualification (minors and adults)
- Follow a social reintegration program (minors and adults)
- Subject to medical treatment or care (minors and adults)
- Provide between 30 and 120 days of community service (adults)

## **CONTROL**

**of the execution of the obligations**

**case management**

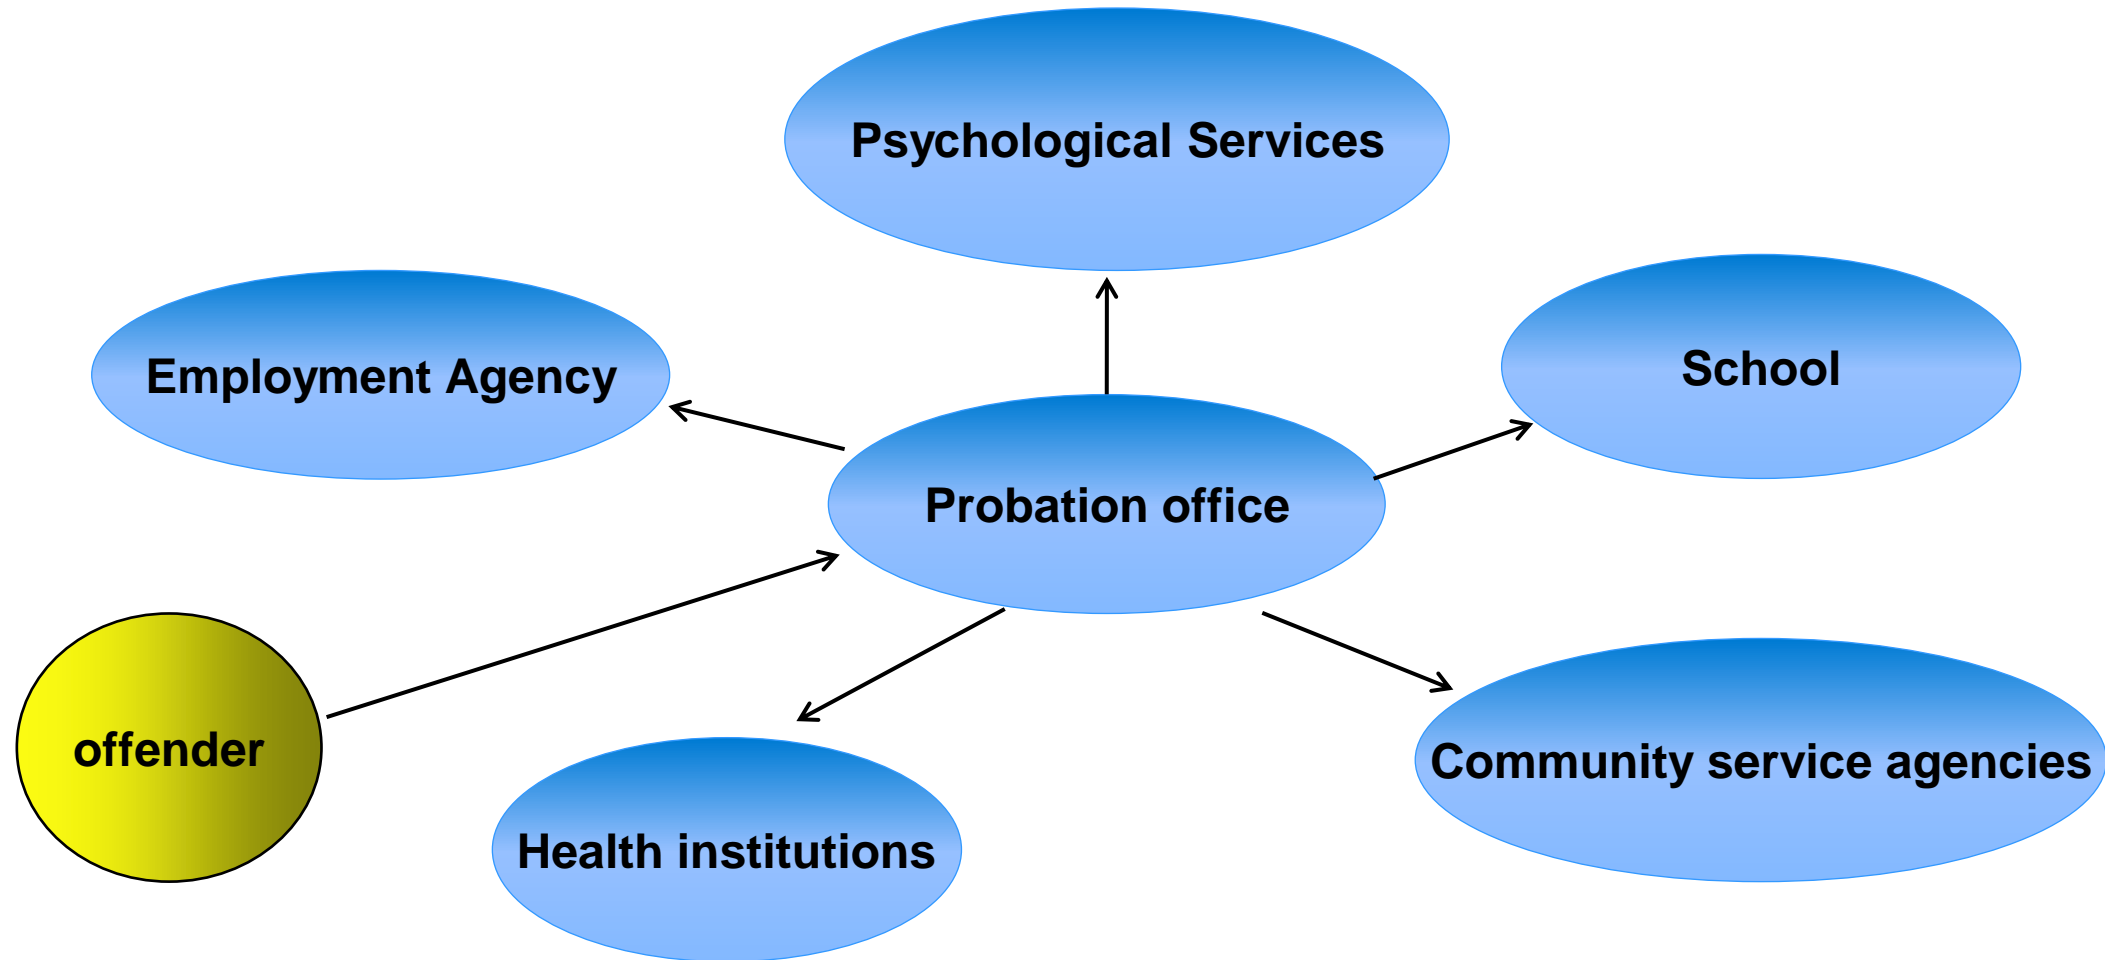

**risk principle**

**needs principle**

## **ASSISTANCE**

**adaptation of obligations**

# Community resources network

# Interagency collaboration

- **Arduous and bureaucratic procedure (time consuming)**
- **Lack of financial motivation for the potential partners**
- **Limited choice for the probationer**
- **No direct contact between professionals**

**poor community resources network that does not keep up with the evolution of the needs of the offender and often causes a superficial performance of obligations**

- **Informal relationships**
- **No direct contact**
- **Communication via email or phone**
- **No space for interinstitutional gatherings**

## Drive safely! Stop accidents!

- Developed by the NPD in collaboration with the Romanian Police and the Romanian Association of Road Accident Victims
- Delivered by a joint team
- Advantages:
  - Free for the probationers
  - Targets traffic crimes
  - It brings together different professionals

# A source of inspiration - the Norwegian model

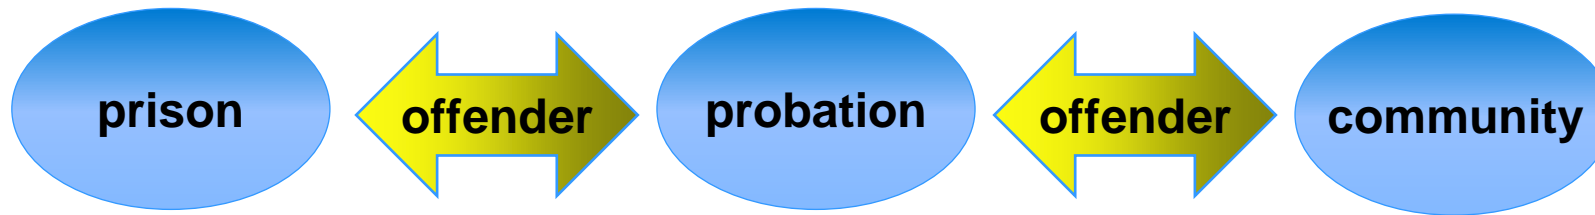

**seamless principle**

**commitment**

**reintegration guarantee**

**smooth transition to the community**

- The Correctional Project, worth 31 million euros, is funded by the Norwegian Financial Mechanism 2014-2021 and aims the implementation of the Norwegian correctional model in Romania.

# Success in probation through a probationer eyes

**communication**

**relationships**

**social support network**

**awareness**

**interactivity**
