****Your bag, result of a local project***

The bag you have in your hands has been made by the inmates of the Quatre Camins prison in Catalonia out of recycled street banners. The manufacturing of these bags and other goods is part of a curricula implemented by CIRE with the goal of training and employing inmates in prison as well as minors who are in educative centres in Catalonia. CIRE is a public company of the Department of Justice whose mission is to foster the reintegration of this target group in the labour market.
